

Brownsburg PupPutt 2011

"Paws for the Cause" Service Learning Project

TO: Advertisers, Donors, and PupPutters
FROM: Reagan 2/3 & 4/5 Students
SUBJECT: Brownsburg PupPutt Outing ~ May 9 – 14, 2011

The 2/3 & 4/5 classes at Reagan Elementary are collaborating on the Second Annual PupPutt Event to raise awareness of spinal cord injuries and funding for research, while simultaneously providing entertainment and family fun for all. The students will plan, design, construct, and manage a miniature golf course for the community. This event will be located at Reagan Elementary in Brownsburg, 4845 Bulldog Way, during the week of May 9, 2011. Reagan is located off of US 136 near Northfield Drive.

In its inaugural year, the students built PupPutt holes throughout the winter in preparation of the event. This year, students will concentrate not only on advancing the engineering aspect of the holes, but also on maximizing new ideas to get other charitable organizations involved.

We are seeking sponsors for this Service Learning Project. We are in need of paint and supplies for the design of the holes, food and drink donations/funds, operation start-up funds, door prizes, and silent auction items. You can also help by sponsoring the event as a "Lead Dog" Sponsor, Event Sponsor, a Co-Sponsor, a Hole Sponsor, or a "Kennel Club" donor.

This year we are lucky to have Emily and Nikki Hunt assisting us with our PupPutt event. When Emily was four years old she was injured in an amusement park accident, leaving her paralyzed from the chest down. Inspired by her sister's battle, Nikki is creating and selling necklaces for her Senior Project to help our cause. Three designs have been created: one to honor Emily's accomplishments; one to honor the memory of Nancy Jones, Nikki and Emily's grandmother who passed away in the accident; and one to honor Brownsburg Pride.
